
Proof Involving Congruent Triangles Answer Key

proofs involving congruent triangle worksheet five pack - topic: proofs involving congruent triangle - worksheet 3 1 given: $\square t d z i$ is rhombus prove: $\triangle d e z \approx \triangle t e i$ 2 given: $y s \approx j p, y j \approx s p$ prove: $\triangle y s p \approx \triangle y j p$ 3 given: $u i \approx n i,$
